Michele Pirro in MotoGP - I look to the future to do my best

The news has already been around the world through the web announcing the passage of Michele Pirro in MotoGP. An important step in the career of the young Apulian rider that after 11 years from his debut riding the race bike, he is promoted to the queen class with honors, among the world's greatest motorcycling.

As cover to this exciting moment is there the beautiful and overwhelming victory at Valencia, race in memory of his friend and teammate Marco Simoncelli. A victory sought, desired and obtained in the most difficult moment of the season which has given everyone the desire to continue, a sign of maturity reached with little steps and able to earn the advancement in MOTOGP.

Pirro:

"I am pleased to have made this choice and proud to participate with Team San Carlo Honda Gresini to this new challenge. It was not easy to make the decision because initially I would have preferred to try to confirm and improve the results in Moto2 of 2011, but the growing confidence shown by Fausto Gresini and his all staff, gave me the incentive to accept the challenge. I am honored to continue to be part of this fantastic group and to develop together with them an ambitious project that represents the future of MotoGP.

I would like to thank all the sponsors who made this possible, people who always believe in me, the Golden Flames Sports Group, all old and new friends ...

I will give my best!"
