AIRASIA BRITISH GRAND PRIX

SILVERSTONE

## Silverstone British AirAsia Grand Prix

**Race - 3rd Place** - Michele Pirro: "I am very happy to be back on the podium. I had to learn fast the track that until Friday I did not know and I knew it would be a long and difficult race with hidden pitfalls. It was not a great start this weekend due to contact with Espargarò on Friday's practice and the today's rain made everything more difficult. I started with absolutely calm because I wanted to avoid mistakes and realize the track conditions. I took a good rhythm and gritted my teeth and I never stopped believing even when Redding has tried to defend his third position. This podium makes me happy and I want to dedicate it to the team, to my country and to all people who believed in me and will continue to do. Thank you to everyone!"
